

Frequently Asked Questions:

1. When/where are games played?

Games are played on Saturdays at the Keller Sports Complex, and also at various KISD facilities.

2. When/where are practices?

Practices are set by the Coaches so they will vary from team to team. KYA has a three event rule so during the season there can be no more than two practices and one game in a week. Most practices are held at local KISD Schools or Parks. Again determined by the Coach

3. What is the cost?

Costs for each season vary, and you can save money on registration by signing up during our early registration period. Please go to the "Keller Football League Information" link on the right hand navigation bar for details about the upcoming season.

4. What other costs are involved?

We try to keep all costs in the "registration fee". There are no game admittance fees. You will be responsible to provide football equipment in the tackle divisions, including helmet, shoulder pads, pant pads, mouth piece, practice jersey/pants, and cleats.

5. Can I place my child on a specific team?

This is a recreational league and we strive to balance the talent as much as possible. Most children will be allocated to teams based on the player draft. We do not guarantee placement of players on specific teams.

6. My son has never played before. Is this the right league for him?

KYA is a recreational league. Each year we will have a large percentage of "first year" players.

7. Where do I register my child?

You may register online using the "REGISTER NOW" link on the top of the right hand navigation bar. Registration for fall is typically open May – mid August. Registration for spring season is typically open December – mid February. There are discounts for signing up during our early registration period. We also have a few "on-site" registrations available. See the "Keller Football League Information" on the right hand navigation bar for more details.

8. How can I become a Coach?

When you register your child online, you can volunteer as a coach, assistant coach, or team mom. If you would also like to be a head coach, please email us at football@KYASports.com.

9. I have siblings that play in the same division and I want them to play on the same team. Can I be positive this will happen?

Yes! If we are aware of the request prior to the draft, we will assign brother to the same team. Please add a note to the comments section, and also notify us via email at football@KYASports.com.

10. Can my Daughter be a Cheerleader for my son's football team?

Because of the growth of our league, we can no longer guarantee team assignments of cheerleaders, except when the participants are the daughter/son of the Cheer coach. Please email football@KYASports.com if you are interested in becoming a Cheer coach.
